## A word from your President

My Fellow Field Archers,

I trust that everyone put in for their tags; hopefully everyone draws the ones that they want. Knowing my luck, the G&F is just holding on to my money for a while. Didn't do too well on the Bison draw either, #1599. I don't think I will get a phone call to hunt. I do know a few folks that drew low numbers and I wish you guys all the luck.

Thanks to everyone that came out and helped with the Outdoor Adventure Day at Curt Gowdy this past Saturday. We had a great turnout and a lot of smiling faces. Our next adventure is Super Day, which is 22<sup>nd</sup> of this month. We are looking for volunteers to help with that. There is not a lot to it, just helping kids and sometimes adults with shooting a bow. The line is usually steady all day, so the more folks that help out, the easier it is on all of us. Please come out and lend a hand. All those smiling faces make it worth it. Give me a call if you can help out.

Bowhunters Weekend is fast approaching on Aug. 3-4. We are looking for help to set up on Friday the 2<sup>nd</sup> from 8 am until we are done. If we have enough help, we should be finished by noon. The club will buy you lunch if you come out to help. Any and all help will be greatly appreciated.

The archery range at Curt Gowdy is finished and 100% operational. I have shot it about 4 times now and it usually takes me around 2 hours to finish. It's a great way to practice long range (out to 80 yards) shooting and it is set up for the kids as well. Go up there and shoot it and let me know what you think. At the risk of leaving someone out, I will just say that there were many folks that put a lot of time and effort into getting this course back up and running. We owe them a great deal of gratitude and I am proud to say that they are all a part of this club. Thank you to any and all that had something to do with this getting done.

Get out and enjoy this great weather, catch some fish, go camping or just be outside. This summer will be a short one and I plan on taking every opportunity to get a little dirty.

As always, if you have any concerns or ideas about our great club, please feel free to call me any-time. My number is 307-631-6507. Thanks, Dan

This is the true story of George Phillips of Meridian, Mississippi, who was going to bed when his wife told him that he'd left the light on in the shed. George opened the door to go turn off the light but saw there were people in the shed in the process of stealing things.

He immediately phoned the police, who asked "Is someone in your house?" and George said no and explained the situation. Then they explained that all patrols were busy, and that he should simply lock his door and an officer would be there when available. George said, "Okay," hung up, counted to 30, and phoned the police again. "Hello, I just called you a few seconds ago because there were people in my shed. Well, you don't have to worry about them now because I've just shot them all." Then he hung up. Within five minutes three squad cars, an Armed Response unit, and an ambulance showed up. Of course, the police caught the burglars red-handed. One of the policemen said to George: "I thought you said that you'd shot them!" George said, "I thought you said there was nobody available!"
